Nigeria Road Safety Strategy II (NRSS II)

Given the successes recorded after an appraisal of the implementation of the Nigeria Road Safety Strategy I (NRSS 2014-2018), the NRSS II (2021-2030) was produced to address the current overlaps while streamlining the current roles and responsibilities of all relevant stakeholders in order to consolidate and further sustain the achievements recorded in the maiden edition which effectively brought up well articulated course of Road Safety Management in Nigeria. The clarion call to develop the second edition of NRSS (2021-2030) therefore behooves on all well-meaning persons, government at all levels, corporate organizations, non-governmental organizations, international communities and stakeholders to collectively work together as a team in ensuring that the path towards ending the carnage on our road is aggressively pursued and achieved. Furthermore, the NRSS II specifically provides the platform for more coordinated attention on Child Road Safety in Nigeria. Road Traffic Injury is a leading cause of death and disability in children as over 40% of the Nigeria population is aged 0-14, which makes safety of the children a critical focus in NRSS II (2021-2030). More so, this strategy document will put the safety of children on the road at the forefront in Nigeria. In pursuing this, priority will be given to the United Nations Sustainable Development Goals (UN-SDGs) which include targets for 2030 as; reducing road traffic fatalities by 50% and provide access to safe, affordable, accessible and sustainable transport system for all. Meanwhile, as the lead agency, the Corps will from time to time seek the support of relevant stakeholders and motoring public to forestall every ugly incidence that had been nagging the progress and retarding the economic development of the Nation due to Road Traffic Crashes. The NRSS II (2021-2030) when conscientiously implemented through extensive and encompassing stakeholders' sensitization and enlightenment programme (which will be developed and carried out across the Federation) will build upon the background successes of the NRSS I (2014-2018), and thereby advance the course of Road Safety campaign in creating safe motoring environment for all.
